CIVIL SERVICE EXAMINATION.

An examination for the position of clerk (male and female) and carrier (male) will be held at the post office in this city on Nov. 17, 1906. For application blanks, and for full information relative to the examination, qualifications, duties, salaries, vacations, promotions, etc., address Secretary, Board of Civil Service Examiners, Post Office, City.

BARCOCK DEFEATED.

So far every county reporting shows that Barcock of the third congressional district has been defeated for congress by J. W. Murphy, Democrat. He will no longer be in the House of Representatives to oppose the reform movements of President Roosevelt, as he did in the last congress.

REPUBLICAN VICTORY.

The Republican party as a party in State and Nation has fared well at election. It put it in a splendid position for the national fight two years from now. As seen by the statistical table on the fourth page, two of our county candidates were defeated. This is naturally a Republican county by a good majority, but for some reason two democrats break into the office of the county seat with good majorities.

We were not so careful in securing the vote of those candidates without opponents, so several squares are left vacant. The Social Democratic ticket had a vote of about one hundred in the city and nearly two hundred in the county, a growth of about fifty votes in the last two years.

MONDAY'S FORECAST OF ELECTION.

Republican Congressional Committee claim House of Representatives by fifty majority. Democrats claim it by twenty-five.

Republicans claim New York State by seventy-five to one hundred thousand. Democrats claim the state by fifty thousand.

Republican State Central Committee claim Wisconsin state ticket by a majority of sixty thousand. Democratic Committee claim the state by fifteen thousand.

Zeno M. Host claims McGovern's election as District Attorney of Milwaukee County by three thousand majority.

The chairman of the Republican County Committee of Milwaukee claims Boden's election by three thousand.

AFTER ELECTION.

This is a great Republican victory. Congress has gone Republican by a splendid working majority. New York has gone Republican by about sixty thousand. Wisconsin has gone Republican by sixty-five thousand. W. D. Connor, Lieutenant Governor, in spite of great personal efforts for his own candidacy, runs behind Governor Davidson by ten thousand majority. Missouri has again gone Republican.

EVANGELICAL CONGREGATION.

The members of the new German Church are delighted with the idea that Rev. G. Tillmanns of St. Charles, Mo., accepts a call and will come to Rhinelander the fore part of December. Rev. Kuetner of Antigo who has served the congregation, brought the glad news Sunday. The Rev. Tillmanns has been superintendent of the Home of the Feeble-Minded and Epileptics at St. Charles for several years. He comes highly recommended from the officials of his Synod. Previous to his service at this institution he had charge of a large congregation in Indiana and made a success in the field he has served. He is all the more acceptable to the Germans, as he has been a minister of the German State Church of the Fatherland, having received his education in Europe. His wife and daughters will come with him. He will be a citizen to be proud of.

THE WOMAN'S CLUB.

The Woman's Club met Tuesday afternoon at its regular meeting. The following program was given:

- a. Artists of the Court Life of XVIII Century
- b. Watteau
- c. Mrs. Elbel Boucher
- d. Mrs. Lowell Vocal Solo
- e. Miss Hutchins

A paper to have been given by Miss Helen Brown was postponed until another meeting on account of the absence of Miss Brown, from the city.

A motion was made, seconded and carried to have the City Improvement Committee and the Educational Committee unite to adopt resolutions toward carrying on a crusade against the practice of cigarette smoking by the young boys of this City and to make an effort toward having the ordinance enforced.

After light refreshments the Club adjourned.

LETTER TO MR. E. S. SHEPARD, Rhinelander, Wis.

Dear Sir: Goodbye! How we got our agent at Dehl, N. Y.

Glanstone & Paine were agents for us; we mustn't tell names. We got 'em. Paine was painting his big Colonial house. Said it took 10 gallons of white for the trim.

We sent him ten gallons and said: If you get it all on, no pay; if you have any left, return it and pay for the rest. Agreed.

He returned four gallons and took the agency. Four or five years ago, he knows now that his old paint was and is adulterated; that's why it took ten gallons to equal six of ours.

Go by the name; there is but one name to go by; let me lead and fine.

Yours truly

SHALL MARRIED WOMEN TEACH?

The question whether a member of the board of supervisors ought to be forced to resign after marrying is quite distinct from the question whether a teacher ought to be forced to resign.

I do not myself think that resignation should be made compulsory in either case; but in the case of a supervisor it is especially without excuse.

Nobody objects to a married woman's serving on any public board, no matter how much time it takes, provided the office is unsalaried; but if there is a salary involved, the place is generally wanted for some man, and all sorts of incongruous reasons are brought forward to prove that a woman ought not to have it.

It is said that a married woman ought not to be allowed to teach because her husband ought to support her. On the same principle married women ought to be excluded from all paying employments.

And on the same principle no girl ought to be allowed to teach unless it can be shown that that stood between the family and starvation. Mrs. Alice Stone Blackwell in Boston Herald.

CHANGE WINTER HOME.

The Ringling Brothers, the greatest circus men in the world, today, are making arrangements to change their winter quarters from Baraboo to the eastern shore of Lake Michigan near Madison. They have bought a large tract of land and will turn it into winter quarters for their mammoth shows. As they own the Ringling, Forpaugh and Sells circuses and are said to have a controlling interest in the Barnum & Bailey show, it is expected that ultimately all three will make their winter home here.

The land purchased so far consists of fifty acres, forty of which were secured from the M. J. Hoven estate and ten from Julius Pfister. Negotiations are on for the purchase of forty acres more adjoining the first tract. Later still more will undoubtedly be bought. The land so far secured cost the buyers \$700 an acre. It is particularly well located for circus purposes, being high and dry, with excellent water and railroad facilities.

It is probable that the Sells and Forpaugh and Barnum and Bailey circuses will be the first brought here, probably next fall, and later the Ringling show will be added. The Ringling show now winters at Baraboo and the two others in the east. It is said that it is the intention of the Ringlings to consolidate the three shows.

DOWN TOWN SMO OFFICE.

The Soo Railroad will soon have a down town office to be located in the front of Judge Brown's office on Davenport St. The office is to serve as a ticket office, an office for Western express and Western telegraph. The beautifully decorated room will be furnished to match the decorations and a modern City office will be the result. This move by the Soo Road is a step in advance and supplies a long felt need, which is realized by the Co.

CONGREGATIONAL RECEPTION.

A reception and entertainment is announced for Friday evening Nov. 9, at the Congregational Church. All members and friends are invited. The purpose is to extend acquaintance and to foster the spirit of fellowship. Light refreshments served and a musical programme presented. Songs by Mrs. Sawtelle, Mrs. Teal and Mr. Harwood. Male Quartette. Instrumental music by Miss McQueen and others. Selections will be rendered by the Imperial Orchestra. Time appointed 7:30. An offering of ten cents from each is requested.

THE LEADER.

Miss P. S. Rickmire will open a new five and ten cent store at No. 7 Brown Street, this City, November 10th. Within two weeks she will put in goods ranging in price up to twenty-five cents and later as high as one dollar.

Miss Rickmire comes here with first class endorsements and experience in conducting such a business. As there is but one store of the kind in the City, there is little doubt of Miss Rickmire's having a good trade from the start.

NEW PRESS AND MACHINERY FOR NEW NORTH.

Extensive repairs are being made on the Lowell block before the removal of THE NEW NORTH printing establishment to its new office in that building. The new press and folder have arrived and are ready to place. The office is to be furnished with new machinery and new type and everything will be supplied to make it thoroughly up to date of office in every particular. With its new machinery and type it will have double the equipment of any other office in Oneida County. THE NEW NORTH office is the place to go to get first class work done promptly.

OBITUARIES.

The infant daughter of Mr. and Mrs. Delbert Hawkins died Friday. Cause of death unknown.

Chas. Swanson, aged 47 years, died of stomach trouble, Sunday October 21st.

The nine months old daughter of Mr. and Mrs. Mangerson died October 31 of cholera infantum. Funeral services were held at the house and interment at the Forest Home cemetery.

LIBRARY NOTES.

German and Norwegian Libraries have been sent by the Library Commission to replace those that have been in use at the Library for the last six months.

Last Saturday 164 children of the third and fourth grades were present at the story hour. Many of them had never drawn books from the Library and decided they wanted to begin at once. Next Saturday morning at 10 o'clock Mrs. Leadbetter will tell the story of Blim's fountain. All children of these two grades are invited.

An interesting exhibit of drawings and water color paintings done by seventh and 8th grades in the public schools and St. Mary's parochial school has been placed in the Library.

During October the circulation showed an increase of 144 books compared with that of the corresponding month of last year.

TAX DEED NOTICE

Notice of the Expiration of the Time for the Redemption of Lands Sold for Taxes for the Year 1904.

Office of the County Clerk, Oneida County, Wisconsin.

To Whom It May Concern: Notice is hereby given that the following lots or tracts of land sold on May 17, 1904, for the taxes due and unpaid for the year 1903, remain unsold in the office of the County Clerk, Oneida County, Wisconsin; that the list in the name of the person, if any, to whom assessed, and the amount of taxes, interest and charges calculated to the last day of redemption, due on each.

NOW THEREFORE, unless the taxes, interest and charges set opposite the tracts herein described shall be paid on or before the 15th day of May, 1907, the said tracts of lands shall be forfeited and will be conveyed to the purchaser in pursuance of the statutes in such case made and provided.

Dated at Rhinelander, Wisconsin, September 10th, 1906.

Our base ball team played ball during the whole season and asked little financial aid of anyone. They played good ball and are entitled to the support of the citizens. They had one disadvantage that ball teams in southern towns do not have, long distances to travel to get games, consequently expenses looted up high. Now they have a deficit to raise and have arranged a dance at the Armory, Thursday evening to pay back indebtedness. It is hoped that people will give them a lift as encouragement for next season if for no other reason. Attend the dance at the Armory Nov. 8.

In every climate its colors are unfaded. Its fame has spread from sea to sea; it is not surprised if in the other world, You hear of Rocky Mountain Tea. J. J. Reardon.

PEARY MAKES RECORD

ARCTIC EXPLORER NEARER THE POLE THAN RIVALS.

DOGS SERVED AS FOOD

Caches Destroyed by Ice Floes, Compelling Members of Party to Subsist on Such Provisions as Presented Themselves.

New York.—The United States now holds the record of "farthest north," 87 degrees six minutes.

This feat was accomplished by Commander Robert E. Peary, of the United States navy.

The intrepid Arctic explorer failed to reach the north pole, as he had confidently hoped to do with his specially constructed vessel, the Roosevelt, but he penetrated nearer to the pole than the duke of Abruzzi's expedition, which had held the Arctic record, 86 degrees 24 minutes. What Commander Peary did and his experiences during the past year in the frozen north are rather briefly, but certainly vividly, summarized in a communication received Friday night from Peary by Herbert L. Bridgman, secretary of the Peary Arctic club.

This communication follows: "Hopedale, Labrador, via Twillingate, N. E., Nov. 2.—Roosevelt wintered north coast Grant Land somewhat north of Alert winter quarters. Went north with sledges February via Hecla and Columbia. Delayed by open water between 84 and 85 degrees. Beyond 85 six days. Gale disrupted ice destroyed caches, cut off communication with supporting bodies and drifted due east. Reached 85 degrees six minutes, north latitude over ice, drifting steadily eastward. Returning eight dogs. Drifted eastward delayed by open water, reached north coast Greenland in straightened conditions. Killed musk oxen and returned along Greenland coast to ship. Two supporting parties driven on north coast Greenland. One rescued by me in starting condition. After one week recuperation on Roosevelt sledged west, completing north coast Grant Land and reached other land, near one hundredth meridian. Homeward voyage incessant battle with ice, storms and head winds. Roosevelt magnificent ice fighter and sea boat. No deaths or illness on expedition."

FIVE TRUE BILLS FOR PEONAGE Newman, Ga., Manufacturers Indicted by the Grand Jury.

Atlanta, Ga.—Five indictments for peonage against well-known manufacturers were returned by the federal grand jury here Friday as the result of a special investigation by Assistant Attorney General Charles Russell, of the department of justice in Washington.

Those indicted are: F. R. Cole, one bill; Jean Reinhold, two bills, and H. L. Ziegler, two bills, all of Newman, Ga.

The investigation was instigated by the complaints of a number of German immigrants who were induced to come south by the southern immigration bureau of New York under promise of employment in a furniture factory at Newman.

CIVIL WAR OFFICIAL RECORD OUT Volume 20 of Federal and Confederate Navies is Completed.

Washington.—Volume 20 of the official records of the union and confederate navies in the war of the rebellion has been completed, and volumes 19 and 20 distributed during the year, according to the annual report of Charles W. Stewart, superintendent of library and naval war records of the navy department.

Volume 21, which includes the operations of the west gulf blockading squadron during 1864, has also been completed, and volume 22 is compiled and is in part in press.

NAMES ROYAL ARCANUM HEADS Supreme Regent Appoints Boston Man to Succeed W. O. Roberts.

Boston, Mass.—At a special meeting of the supreme council of the Royal Arcanum held here Friday the following appointments were made by Supreme Regent H. C. Wiggins, of Rome, N. Y., to fill the vacancy occasioned by the death of Supreme Secretary W. O. Roberts: Supreme secretary, A. T. Turner, Boston; supreme auditor, W. F. McConnell, New York; supreme trustee, F. W. Dickinson, Springfield, Mass.

Mrs. Sage Rewards Old Employees. New York.—The old employees in the office of the late Russell Sage have received in addition to their regular October salaries checks from Mrs. Sage for an equal amount, which virtually doubles their salaries. Five men, all old employees, were rewarded by Mrs. Sage's gift.

Visible Supply of Cotton. New Orleans.—Secretary Heister's statement of the world's supply of cotton shows a total of 2,250,231 bales against 3,000,293 last week. Of this the total of American cotton is 2,527,231, against 2,250,293 last week.

Boston Pitcher is Fined. Cincinnati.—The National baseball commission Friday fined Pitcher V. A. Madman, of the Boston National League club, \$100 for playing with the Logan Square, an independent team of the city of Chicago.

Armor Plate from America. Rome.—The order for 2,100 tons of armor plate, valued at \$1,664,000 for an Italian man-of-war, which was given to the Maffei Steel company, of Pennsylvania, has been approved by the council of state.

Davidson Ill with Rheumatism. Madison, Wis.—Gov. Davidson had returned home and taken to bed ill with rheumatism as a result of strenuous automobile campaigning. He will probably cancel all remaining dates for the campaign.

State Capital Notes

Weekly Budget Gathered by Our Special Correspondent at Madison.

Madison.—Owing to the great confusion confronting the secretary of state as to whom to place on the ballot of the "written in" candidates, the state board of canvassers, composed of Attorney General L. M. Sturdevant, Judge E. Ray Stevens and Judge Fowler of Portage met in the office of the secretary of state and certified all candidates who were written in. The second meeting of the canvassing board was necessitated by the fact that the board met early last September and certified the names of the different people nominated at that time but refused to certify the written in candidates under an opinion of the attorney general to the contrary. Since that time, however, the supreme court has reversed the opinion of the attorney general and the board was called together and certified candidates, who had not filed nomination papers but who on account of receiving the largest number of votes at the primary on their respective tickets were entitled to go on the ballot. Following the meeting of the board orders were sent to the county clerks in the various districts where a candidate had been nominated by the writing in process commanding the clerks to place these candidates so nominated on the ballot.

Develops Fine Seed Corn. A variety of corn that yields from 75 to 100 bushels of shelled corn per acre has been developed at the University of Wisconsin college of agriculture experiment farm by Agromist Ransom A. Moore. This corn, which is known as "Wisconsin No. 7," or "Silver King," is the triumph of four years' experimentation by Prof. Moore and shows the possibility of producing phenomenal results by careful methods of selection. Twenty-two acres of this corn have been harvested on the university farm, producing 75 bushels, shelled, per acre. The importance of this variety is evident when this yield is compared with the average yield of the United States, which is only 29 bushels, or the average of the state of Wisconsin, which is but 22 bushels. Members of the Wisconsin Agricultural Experiment association, who are graduates of the short course in agriculture, have been growing this corn under the direction of Prof. Moore on their farms, and have obtained from 60 to 100 bushels per acre. Last year 275 graduates of the short course in 71 counties of the state tried Silver King corn, and reported an average yield of 59.2 bushels, shelled, per acre, against an average yield of 19.2 bushels for the best of all other varieties.

Insurance Recommendations. Information has been given showing that the report of the special legislative insurance investigating committee of Wisconsin will include: A recommendation that all insurance policies written in Wisconsin shall contain a clause providing for an automatic protection from the reserve of the premiums, and that as long as a policy carries any reserve such reserve must be used to protect the premium, and thus prevent the insurance from lapsing. A limit on the amount which companies can expend for new business. Provisions for standard form of forfeiture agreement in case of default on policy loans. Provision that lists of the policy holders must be provided any holder on application. Recommending a law compelling annual dividend distributions. Provisions for more complete reports by insurance companies to the department of insurance. Recommendations for legislation to compel the ownership of the general surplus of stock companies to be settled showing definitely whether such ownership lies with the company as a corporation or with the policy holders.

State Good-Roads Association. J. N. Moore, of Boston, president of the National Good-roads association will call a meeting in Madison sometime in December for the organization of a state association for good roads. It is understood about 200 will be invited to attend this meeting. Following the organization of a state association the legislature may be called upon for a special appropriation to be used in improving roads in Wisconsin.

Put College in Phonograph. It is announced that a feature of the new correspondence school opened by the University of Wisconsin will be the use of phonographs. Professors will read lectures into phonographs, and the records will be sent to distant students. The innovation will be first tried in German to overcome the pronunciation of difficult sounds.

Dynamite for Wedding Joy. Charles A. Roberts, living on a farm near Stoughton, draws the line at the use of dynamite by charivari parties. To celebrate Roberts' marriage some of his friends gathered at his home and exploded several sticks of dynamite, wrecking part of the house. Roberts went to Stoughton and swore out warrants against four young farmers, charging them with malicious destruction of property, an offense which carries a grave penalty in this state.

Make Madison Convention City. Through the efforts of Madison's Hotelmen's association the Wisconsin Tobacco Growers and Dealers have made the capital city their permanent convention city. The organization will meet here December 5 and 6, and it is expected the gathering will bring 2,000 strangers to the city during the two days of the convention. Members of the local Hotelmen's association feel jubilant over the fact that this organization has selected Madison as a permanent place for its convention.

Want Devil's Lake for Park. The state legislature will be asked to donate \$100,000 this winter for the purchase of the Devil's lake region, composed of 7,000 acres, the two principal owners being Senator William F. Vilas and L. W. Claude, both of Madison. For several years there has been a growing agitation in the state for the purchase of this land, to be used as a state park on account of the beautiful scenery. Devil's lake is situated in nearly the geographical center of southern and most thickly populated part of Wisconsin. It is four miles from the city of Baraboo and 20 miles from Madison. The region was recently explored by President Charles R. Van Hise, as a geologist. The region is picturesque and has abundance of trees and wild game. W. H. McFetridge of Baraboo, chairman of the Baraboo local committee in charge of the proposed project, is interesting the people of Madison in the undertaking. He says he has met with encouragement everywhere. "The land about the lake is owned principally by Senator Vilas, Mr. Claude and Mrs. N. C. Kirk of Kirkland," he said. "On the eastern slope of the bluff a Pennsylvania concern has installed a stone crusher. It is partly to prevent a complete destruction of the bluff that the matter should be taken up by the legislature this winter."

Production of Cheese Doubled. One hundred and ten million pounds of cheese were made in Wisconsin last year, almost twice as much as was produced five years ago, according to the University of Wisconsin agricultural experiment station bulletin on "The Development of Factory Dairying in Wisconsin," which has just been prepared by Prof. H. L. Russell, of the Wisconsin college of agriculture and U. S. Baer, assistant dairy and food commissioner. Besides the increase in production from 60,000,000 pounds of cheese in 1900 to 110,000,000 pounds in 1905, the statistics show the addition of 118 new cheese factories, or nearly 40 new factories each year. The amount of butter manufactured in creameries of the state has increased 60 per cent. in the past five years, the figures showing 53,000,000 pounds for 1900 and 85,500,000 pounds in 1905. The butter made on farms has grown from 25,000,000 pounds in 1900 to 34,000,000 pounds in 1905, an increase of 36 per cent. It is evident from this that factory dairying is increasing relatively faster than the home production of the farms.

Carl Schurz Memorial. A "Carl Schurz Memorial Professorship" is to be established at the University of Wisconsin as a result of the movement started by a number of prominent German-Americans. The plan is to raise an endowment of \$50,000, the income of which will be used for the establishment of an annual course of lectures at the state university to be given by prominent professors of German universities. This memorial professorship will be the first of the kind in any American state university. It is hoped that the establishment of this new chair will lead to the exchange of professors between the University of Wisconsin and German universities. A similar plan of exchange of professors has just been entered upon between Columbia university and the University of Berlin, through the establishment at the University of Berlin of the Theodore Roosevelt professorship in American history.

Consider Byproduct Rate. The state railway commission is holding a hearing in response to its own ruling on rates for byproducts as charged by railways operating in Wisconsin. There is one rate for lumber and another for wood, but none for pine clippings, slabs, etc., which are shipped extensively for fuel and other purposes. "It is not the granting of the lower rate for wood refuse that we object to," said William Ellis, representative for the Milwaukee & St. Paul, "but it is the 'open door' which such rates will create if the refuse rates are not wholly defined."

Ask Bids on New Normal Site. Not being able so far to get a satisfactory site to the State and Twenty-fifth streets site for the proposed new state normal school in Milwaukee, the executive committee of the board of normal school regents has decided to ask owners of property suitable for a site to submit descriptions and prices of their land on or before November 20. The board is prepared to spend about \$50,000 for a site.

Leading Questions For Debate. A new line of work to be taken up by the Extension department of the University of Wisconsin is planned in which debating societies throughout the state will be assisted in finding material for discussion of the questions of the day, such as municipal ownership of public utilities. During the session of the legislature copies of the bills presented on new questions will be sent out, on request, with literature bearing on such questions, that they may be used as the basis for debate and discussion.

Openly Oppose Faculty. Leading fraternity men have made definite tentative plans to hold an independent Junior prom if the faculty decides to tear down on that function. Further social troubles are anticipated in the university

Interesting Happenings in the Various Cities and Towns of the State.

END OF EXTORTION CASE.

Stocking Sent to Waupun and Miller Heavily Fined.

Waupun.—The appearance of the father-in-law of Hiram D. Miller, alleged accomplice in the Robinson extortion case, seems to have wrought a change in both of the defendants. Frederick Stocking, who is said to have been the prime mover in the case, requested that he be allowed to enter a plea of guilty, and at the same time it was announced that Miller also would take his sentence.

Stocking was arraigned first, and was sentenced to serve 18 months at Waupun. He said that for three months prior to the commission of the act he had been in ill health both mentally and physically, and that he had financial and other troubles.

Miller made no statement, but was represented by his father-in-law, who made a statement in which he asserted that he had known Miller for 12 years, during which time he had borne an excellent reputation. He asked that a fine be imposed, as Miller would be able to resume his position in Milwaukee at any time, his employers there agreeing to re-engage him. His fine was made \$200 and costs.

TOWN OFFICERS NOT GUILTY.

Chippewa County Fence Owner Loses Ground in Court Proceedings.

Chippewa Falls.—John Hasly and James McLaughlin, officers of the town of Anson, who were arrested for removing a fence which Hudson Pich had erected in a highway, were found not guilty. Judge Jenkins holding that as town officers they acted legally. Pich will now commence action for trespass. The town officers have not succeeded in getting a criminal warrant for the arrest of Mrs. Pich, who fired at them while they were removing the fence.

Reelect Present Directors.

Milwaukee.—Henry C. Schranck, Gustav Reuss, John C. Koch, J. G. Wagner, A. Niedermeyer and William Rohlfing were reelected directors for three years at the annual meeting of the Deutsche Gesellschaft. Charles Manegold, Jr., was chosen in place of A. Loefelholz, who died this year. He also will serve three years. The directors will meet November 8 to elect the officers for the ensuing year. The reports of President Henry Blaetz, Treasurer T. J. Perelles and Secretary Herman Hant showed the society to be in good financial condition.

Many Lose in Mexican Firm.

La Crosse.—The circuit court appointed C. S. Van Aken receiver of the Mexican Plantation company. The company is capitalized at \$500,000. A great amount of stock was sold in all parts of Wisconsin, many people of small means being among the purchasers. The failure is attributed to the exorbitant price paid for the plantation from the first holders and to the ill luck attending its operations.

Lawrence Students Give In.

Apleton.—President Platts scored a victory against the 200 suspended and striking Lawrence university freshmen and sophomores when the latter, after a series of heated joint meetings, voted to capitulate and sent a peace envoy to the president's office to announce that they were ready to pay the \$25 demanded for damage done to college property during the recent class scraps.

Decision Affects Marinette.

Marinette.—The action of the supreme court in declaring the inheritance tax law constitutional will add several thousands of dollars to the Marinette county treasury, as several estates have been holding out including those of A. C. Merryman, George T. Cook, William Diamond and W. B. Hozan.

Engine Hits Trolley Car.

Fond du Lac.—A Wisconsin Central passenger train struck a street car on the Scott street crossing. The car was completely demolished and was thrown a distance of about 20 feet. The conductor, Frank Austin, was seriously injured. The locomotive was damaged, the train being delayed about 45 minutes.

Observatory Construction Delayed.

La Crosse.—Construction of the new weather observatory will not be started until next spring, due to the delay in adjusting the title to the property.

MANGLED UNDER CAR WHEELS.

Train bearing Coroner and County Officials Kills Farmer Near Antigo.

Antigo.—James Farrington, who lived on a farm five miles north of here, was hit and frightfully mangled by a north bound train at a crossing near his home. He leaves a widow and four children, who are visiting relatives at Greenleaf, Wis. By a curious freak of fate the train which killed Farrington had aboard the coroner, sheriff, district attorney and the accused murderer bound for Summit Lake to hold an inquest over the body of Eugene Robinson, found dead near that place.

FIGHT VICE; GET DEATH THREAT.

Two Kenosha Men Are Warned of Violence in Store for Them.

Kenosha.—J. H. Kars and Frank Symmonds, directors in the Civic Federation in this city, have been threatened with personal violence and even death on account of the prominent part they are taking in the crusade being made against gambling in the city.

The Civic Federation now has seven prosecutions pending in the city, and more will be started as soon as the dockets have been cleared.

Death of Bishop Nicholson.

Milwaukee.—Isaac Lea Nicholson, D. D., bishop of the Milwaukee Episcopal diocese, died here after a lingering illness. Heart trouble and other complications were the cause.

The Late Bishop Nicholson.

He is survived by Isaac Lea Nicholson, Jr.

Bishop Nicholson suffered a collapse May 25, 1905, while ordaining a class at Neshotah house. He had been incapacitated ever since. He was nearly 62 years of age. William Walter Webb, D. D., of Cincinnati, who was consecrated bishop coadjutor several months ago, will succeed to the bishopric.

Small Boy Snatches Purse.

Racine.—Leo Chaffee, 11 years of age, probably the most youthful highway man in the state, was arrested. Mrs. Peter G. Byer was walking on Sixteenth street, carrying a purse containing six dollars and other valuables, when Chaffee came up behind and snatched the purse, broke the chain and fled. When brought before Judge Smolting he confessed that two years ago he stole \$50 from an aunt, stole a bicycle, a fountain pen and other things.

Stolen Gems in Mail Box.

Kenosha.—The mystery surrounding the theft of rings to the value of several thousand dollars from the automobile of Mrs. George A. Yule, of this city, last Friday has deepened. Two rings worth \$100, identified as Mrs. Yule's were found in a mail box enclosed in an envelope without an address and not even sealed. Chief O'Hara, of the Kenosha police, thinks the thieves were frightened and that the other rings and jewels will be returned to the owner.

Robbers Crack Safe.

Milton Junction.—The state bank was entered, but only \$12 cash and some jewelry was taken. The safe of the Dord Mercantile company's store at Boyd was cracked and several hundred dollars taken. Many valuable watches in the safe were damaged.

Held on Charge of Burglary.

Janesville.—Joseph Miller, a barber, formerly of Milwaukee, is held for trial on a charge of burglary. It is charged that he was found under a bed by a young girl who stepped on his hand during the night.

Racine Strikers at Work.

Racine.—Officers of the J. I. Case flow works officially declare that the strike at their plant was not because of a threatened reduction of 25 per cent in wages. They say the contention originated from trouble between the superintendent and a foreman. All differences were settled and the men resumed work.

Samuel M. Hay Dead.

Oshkosh.—Samuel M. Hay, aged 80, died. He owned stock in many big banks and factories for years.

Milwaukee Secures M. O. Site.

Milwaukee.—Milwaukee is now ready to proceed with the erection of a municipal lighting plant. A site was purchased from Oscar Alper at the foot of Wallace street for \$60,000. It is roughly estimated that the cost will be about \$1,000,000. It will be several years before it will be completed.

Aged Woman Hangs Herself.

Kenosha.—Mrs. Petine Helling, a well-known Kenosha woman, 74 years old, committed suicide by hanging.

NEWS OF WISCONSIN

HAPPENINGS OF INTEREST IN THE VARIOUS TOWNS.

WANT A POLISH BISHOP

Milwaukee Catholics of That Nationality Declare Appointment Necessary for the Good of the Church.

Milwaukee.—Representatives from 42 Polish Catholic societies met at Kosciuszko armory and passed resolutions demanding a Polish bishop to look after the religious welfare of their countrymen in the United States. The resolutions reaffirm the allegiance of the Poles to the pope, recite the efforts made to secure Poles for bishops and conclude that for the good of the church it is absolutely necessary to have a Polish bishop. The resolutions will be presented to Archbishop Messmer and also sent to other Polish colonies throughout the country with the request that they take action on this question.

SPENDS \$150,000 AT PESHTIGO

Lumber Company to Build Dam and Large Power House Next Summer.

Marquette.—The Peshtigo Lumber company, of Peshtigo, owned by Percy Lowe, of Chicago, has begun improvements that will cost \$150,000. A contract has been let for a concrete retaining wall which will be used to dam the Peshtigo. An immense power house will then be erected at a cost of \$100,000 and other changes that will cost over \$25,000 during the coming summer. The mill will be operated by electricity derived from the power obtained at Johnson's falls, 12 miles above Peshtigo.

M. O. Garbage Plant Failure.

Milwaukee.—Reporting that its belief is that the city is spending \$50,000 a year in excess of what is necessary to dispose of the city garbage, the health department has asked the city council to make an appropriation for an extended junker to enable the city to adopt some other method for the rendering of refuse. The committee finds that the plant which the city now operates is run at six times the cost of a private concern.

Laborers Sue Company.

Janesville.—Alleging that they were brought here from Chicago to work at the beet sugar factory and discharged after two days of idleness, five American workmen have begun suit against the Rock county Sugar company. The complainants claim that the money due the men was kept to pay their railroad fare and pay for their board at the camp.

Fond du Lac Has Hold-Up Man.

Fond du Lac.—While Mrs. Krueger, of Antigo, was walking from the car to the home of a relative, she was attacked and ordered to give up her money, which consisted of about \$11. In the scuffle which followed Mrs. Krueger was badly bruised about the head and shoulders. The hold up man escaped.

Dog Saves Five Lives.

Health insurance at little cost

CALUMET BAKING POWDER

\$1,000.00 reward is offered to anyone for any substance injurious to the health found in Calumet Baking Powder.

Purity is a prime essential in food. Calumet is made only of pure, wholesome ingredients combined by skilled chemists, and complies with the pure food laws of all states. It is the only high-grade Baking Powder on the market sold at a moderate price.

Calumet Baking Powder may be freely used with the certainty that food made with it contains no harmful drugs—no Alum, no Rochelle Salts, no injurious substance.

A CHANCE FOR THE YOUNG MAN.

We call the attention of our readers to the advertisement of the National Railway Training School of Minneapolis, Minn., which will be found in another column. This school provides the training which is so necessary nowadays for the applicant for a railroad position. The instruction given by this school is wholly by mail, thus making it unnecessary for the student to leave home. Many young men on the farms and in the cities and towns explore the lack of opportunity to get ahead in the world, when the fact is, opportunities are to be found on every side if one has the ability to grasp them. The young men of this vicinity are now given the opportunity to enroll with a reputable training school, which has the endorsement of railroad officials, and get valuable training in the essentials of railroad work for a small price. The work this school is doing is highly commendable and should receive the hearty support of our readers.

Billions Attack Quickly Cured.

A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets and the next day I felt like a new man.—H. C. BAILEY, Editor of the News-Chapin, S. IT'S A DAILY MYSTERY

Why so many apparently level-headed business men are satisfied to go up to a pile of ready-made clothing, yank out a suit and wear it about in cold-blooded daylight, indifferent to its glaring defects. Must be because they've never tried

In Time of Peace.

In the first months of the Russian Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather."

The virtue of preparations has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of cold and it should be kept at hand ready for instant use. For sale by Andrie & Hinman.
